2 MODULE ENCLOSURE LIGHT

FOR M36 DIN-RAIL LOW COST

SERIES
M2

TECHNICAL DATA:

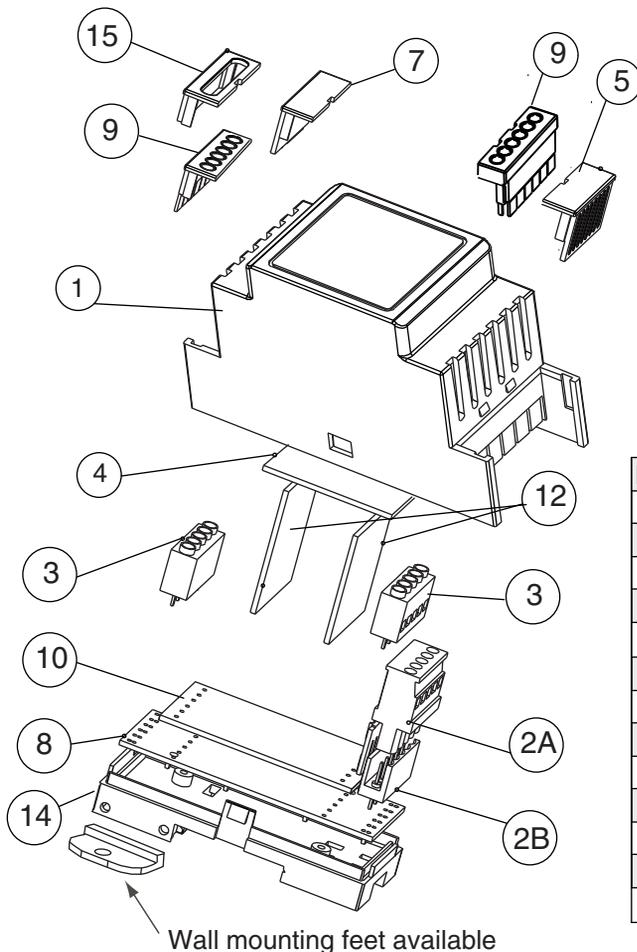

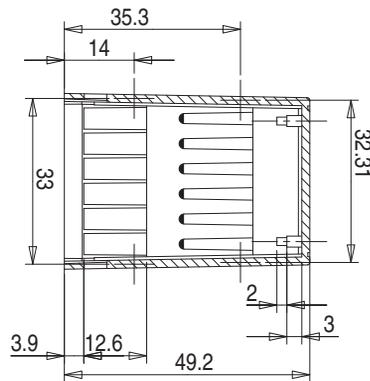

TOP PART:

Material: ABS (other on request)
 Colour: Grey (RAL 7035) other on request
 Max.temperature: 75° C
 Width: 35.0 mm (2 modules)

BASE PART:

Material: ABS (other on request)
 Colour: Black (RAL 9005) other on request
 Max.temperature: 75° C
 Terminals: Up to 12 fixed or (2x6) plugable
 Mounting: DIN-rail (EN50022)

Many different covers available

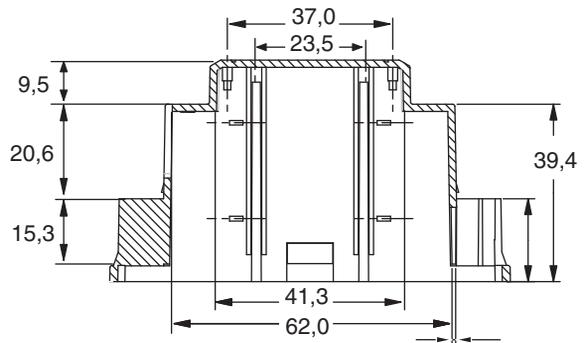

M2 Light, low cost 2 module enclosure.

With the optional terminal covers you get a simple and low cost two pcs enclosure, or you can use the optional covers which gives you the flexibility to build your own DIN-rail enclosures.

The possibility of mixing covers with different openings for connectors gives not only a very wide range of options, but also a very good price.

Due to the design of the covers, it is possible to add a wide range of different features to the enclosure. Interconnections in the form of pin headers and distance pcs/spacers from board level to board level are available.

Options: Printed numbers and symbols on the cover and colour coded covers. Series M2 is, if requested, available with customer specified holes in front. Prototype PCB, customized label and packing are available.

The codes are only an option, you do not necessarily need them all.

Pos.	Description Type M2 Light	Part number
1	Top part, label area 35 x 35	p/n 6069002101
2A	Plugable terminal 6 way, horizontal	p/n 3955606780
2B	Plugable terminal 6 way, horizontal	p/n 3955706380
3	Fixed terminal 6 way	p/n 3950146108
4	Top PCB for type M2	p/n 4999350002
5	Cover ventilated	p/n 8845350401
7	Cover closed	p/n 8845350101
8	Base PCB for type M2	p/n 4999350005
9	Lower cover, knock out	p/n 8845350501
12	Short side PCB	p/n 4999350001
14	Base part type M2 with clip + 2 screws	p/n 4969002351
15	Low cover with oval hole	p/n 8845350201
16	Complete M2 (top+base)	p/n 6069102301
